

CSTW DAY ONE

Saturday October 23, 2021

Fluno Center, Madison WI

Central time zone

9:00-9:50 AM **Framing a research question out of a clinical question**

Lauren Trepanier, DVM, PhD, DACVIM, DACVCP, University of Wisconsin

10:00-10:50 **Choosing the best study design**

George E. Moore, DVM, MS, PhD, Dipl. ACVIM (SAIM), Dipl. ACVPM (Epi), Purdue

10:50-11:10 Break

11:10-12:00 **Breakout session:** Choose a primary aim and study design to answer these clinical questions

Moderators: on site faculty

12:00-1:00 Lunch

1:00-1:50 **Basic approach to choosing appropriate statistical analyses**

George E. Moore, DVM, MS, PhD, Dipl. ACVIM (SAIM), Dipl. ACVPM (Epi), Purdue

2:00-2:50 **Breakout session:** Choose appropriate statistical tests for these data

2:50-3:10 Break

3:10-4:00 **Writing a foundation grant that grabs the reviewer**

Nicola Mason B.Vet.Med, PhD, DACVIM (SAIM), former Morris Animal Foundation CAB chair

4:10-5:00 **Overcoming obstacles in clinical research: the specialty practice perspective.**

Phil Bergman DVM, PhD, DACVIM (Oncology), Director of Clinical Studies for VCA

5:00 pm CST End of day's videoconference

5:00-6:30 PM On-site Reception

CSTW DAY TWO

Sunday October 24, 2021

Fluno Center, Madison WI

Central time zone

9:00-9:50 **"Twelve minutes to kill": Presenting an outstanding research abstract**

Jody Gookin, DVM, PhD, DACVIM, North Carolina State University

10:00-10:50 **Top ten mistakes to avoid when writing a scientific paper**

Benjamin Brainard, VMD, DACVAA, DACVECC, University of Georgia

10:50-11:10 Break

11:10-12:00 **Submitting your manuscript and dealing with reviewers**

Julia Felipe, MedVet, PhD, DACVIM (LAIM), Cornell University

12:00-12:30 **Funding and fellowship opportunities and wrap-up**

Lauren Trepanier
